

THE BRC TIMES

OCTOBER 2025

THE HALLOWEEN HORROR SHOW

THE ALLIANCE: HALLOWEEN BUNDLE

UNCOVERING THE BRU:

Grendel

Name: N/A

Alias: First Chimera

Abilities: Super strength, enhanced speed and durability

History:

Dracula's original experiment. Once human, but after multiple gene augmentations he became the original Chimera. Known throughout history from the Old English epic poem "Beowulf," Grendel is a monstrous humanoid creature of immense strength and ferocity. Grendel is depicted as a grotesque and terrifying figure, with clawed hands and sharp teeth, haunting the marshes and moors of medieval Europe.

- Limited to the first 50 uses
- Expires October 31, 2025 at 23:59 PM

SERIES WITHIN THE ANTHOLOGY:

Vanthorn

In the 19th century, Elena Vanthorn, last of the Silver Dragons, rises from the ashes of her slain family to hunt witches, shapeshifters, and forgotten gods. Armed with ancient magic and the Silver Dragon Grimoire, she wages a war across centuries against dark forces threatening to unleash the Reign of Superhumans.

Alexia Midnight

Once Ava Clementine, a physician turned vampire by Nosferatu and twisted further by Vlad the Impaler's brutal experiments, she emerges as Alexia Midnight—Vlad's most powerful creation. With heightened strength and a thirst for vengeance, she fights to reclaim her humanity and strike back at those who remade her.

Escape The Pit

A catastrophic breach at Earth's secret prison, "The Pit," unleashes monsters from Legends and The Alpha series into the world, igniting chaos and terror.

Legends

Lancelot, last knight of the Round Table, cursed with immortality, stands against mythic and dark forces threatening humanity, aided by a supporting cast drawn from both legend and history.

WHAT'S HAPPENING...

UPDATES ON THE ALPHA #5!

ISSUE #5

THE ALPHA

ALPHA V. OMEGA PART TWO

Production is officially one-third complete, with a late 2025 to early 2026 release on the horizon. This pivotal chapter in the Alpha saga brings explosive battles, long-awaited reunions, and shocking revelations that push the heroes closer to the truth behind their greatest enemy.

As alliances are tested and new forces emerge, Alpha and his team must rally together to confront a threat that could unravel the entire BR-Universe.

THE SENTINELS ARE BACK!

The Super Dragonfly Sentinels #3 is nearly here, bringing more action to the BR-Universe. On the planet Selusha, three new heroes join scientist Beltos Van Velspot to fight the ruthless Alnoe, lizard-like invaders bent on conquest. But as a deadly virus threatens to collapse the Sentinels from within, time is running out.

While Beltos holds the line against the chaos unleashed by Mesula, can Kaira reach them before it's too late?

SCHEDULE FOR 2026: THE QUANTUM ENFORCER

THE MODIFIED UNIVERSE JUST GOT BIGGER!

The Quantum Enforcer: a spin-off of **The Super Dragonfly Sentinels** – explodes onto the Broken Reality Modified Universe scene as Malik Hernandez returns to an Earth enslaved by the alien Alnoe, where humanity is forced to strip the planet's resources for their motherships. Armed with the Particle Sphere, a device that transforms him into the Quantum Enforcer, Malik faces the ruthless Captain Churim to free Earth's captives and stop the world from being swallowed whole.
