# LOOKING AHEAD TO 2026

As we prepare for the spring, work on *The Alpha #5* continues. We are pushing deeper into the 'Reign of the Superhumans' era.

**ALPHA V. OMEGA: PART TWO** pushes the series deeper into the heart of the Reign of the Superhumans era.

As Nitro returns with critical intel and Alpha seeks aid from The Emerald Coyote and Phantom, old wounds begin to heal just as a greater threat emerges.

When Omega unleashes chaos across New York City, the original four heroes reunite alongside Red and the Legends Task Force for a last-chance operation to stop the creature once and for all. But even victory carries a warning—far beyond the city, a new storm is rising, one that threatens to pull the entire BR-Verse into war.
