

**THE BRC
TIMES**

NOVEMBER 2025

FIVE YEARS OF HEROES FROM THE ALPHA TO THE BR-UNIVERSE

**CELEBRATING FIVE YEARS
SINCE THE ALPHA #1
DEBUTED LAUNCHING**

**WHAT WOULD BECOME
THE FOUNDATION OF THE
#BRUNIVERSE.**

This month, we revisit the origins of the series that started it all – and announce the long-awaited reprint of The Alpha #1, the first physical issue to be sold directly through the Broken Reality Comics website.

COMING SOON!

UNCOVERING THE BRU:

THE ALPHA

Name: Jason Perez

Alias: Alpha. The Prototype. Hero of New York.

Abilities: Flight. Extreme Heightened Senses. Invulnerability. Super Hearing and Smell. Healing factor. Super Strength and Speed. Limit breaker transformation (Rage Mode).

Affiliation: Hero

History: Jason, once part of The Four, a clandestine group created by The Corp through genetic manipulation, was transformed into The Prototype, marking the genesis of engineered superhumans. As The Alpha, he assumed leadership within the group, executing dangerous missions for The Corp. Following unforeseen events and a catastrophic incident, The Four vanished, including The Alpha. Retreating into anonymity, Jason shunned his superhuman persona, living covertly under his true identity. He swore off his Alpha persona until specific circumstances compel him to reconsider his vow.

GEARING UP:

THE FUTURE OF THE BR-UNIVERSE TAKES FLIGHT!

As 2025 draws to a close, the #BRUniverse stands on the edge of a bold new era. From long-awaited continuations to groundbreaking first appearances, this month's feature looks ahead to the next chapter in Broken Reality Comics' expanding mythology.

2026 promises to be the most ambitious year yet — a convergence of storylines, heroes, and legacies that have been building for half a decade. **The Alpha celebrates its five-year milestone** with new revelations that will forever redefine Jason Perez's journey, while **The Super Dragonfly Sentinels #3** takes readers deeper into cosmic warfare and moral conflict on the planet Selusha.

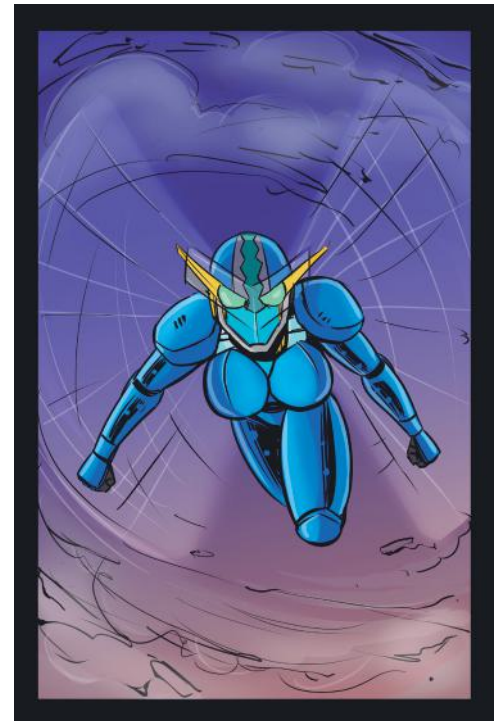

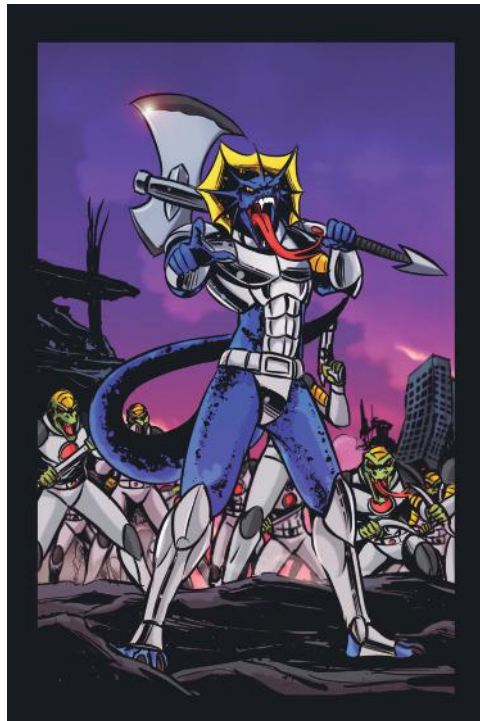

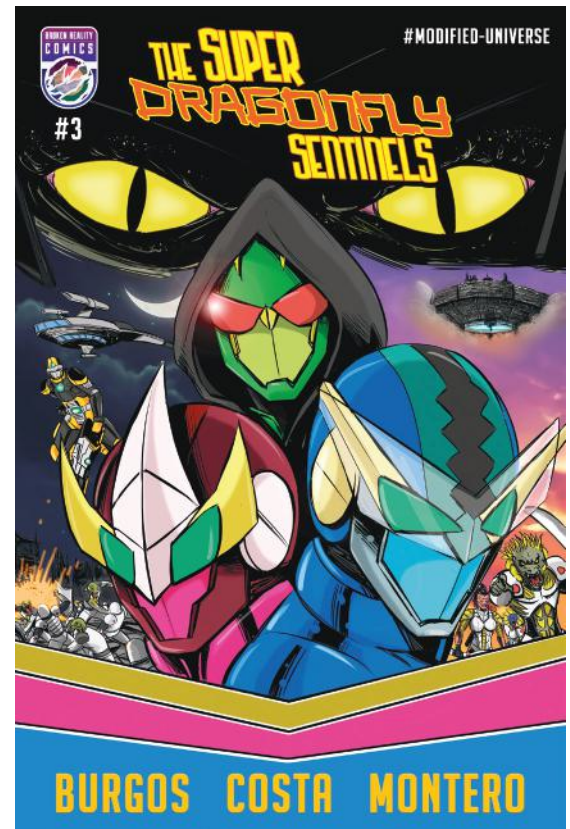

Beyond individual titles, fans can look forward to massive crossover events uniting teams and timelines across dimensions. Expect darker mysteries, unexpected alliances, and a re-examination of what it truly means to be a hero in a world fractured by power.

For readers who've followed since the beginning, 2026 isn't just another year of comics — it's the culmination of five years of storytelling, creativity, and evolution. The future of Broken Reality Comics is about to take flight... and every hero has a part to play.

THE SENTINELS ARE BACK!

THE SUPER DRAGONFLY SENTINELS

The Super Dragonfly Sentinels #3 is nearly here, bringing more action to the BR-Universe. On the planet Selusha, three new heroes join scientist Beltos Van Velspot to fight the ruthless Alnoe, lizard-like invaders bent on conquest. But as a deadly virus threatens to collapse the Sentinels from within, time is running out. While Beltos holds the line against the chaos unleashed by Mesula, can Kaira reach them before it's too late?

SAINT 2: CHAPTER 1 - “Revenge is in the Air”

How would you feel if you were locked away for crimes that you did commit, but due to the results of accusations of crimes that you didn't commit? I know, it's a complex situation. Which is why the newest super villain within the Saint universe is such a complex character.

Just as Jake Barker transformed from a powerless vigilante into the powerful superhero Saint, high school janitor Daniel Armison underwent his own transformation...into the telekinetic foe Displacius! Fueled by revenge and given outworldly abilities from forces unknown, Displacius wastes no time wreaking havoc on the city of Sprymouth in an attempt to get the mighty hero's attention.

Will Saint find this new threat to his city and stop it before it's too late? Grab your copy of Saint 2: Chapter 1 today to find out!

Inspired by darker superhero tales such as Spawn, Kick-Ass, and Watchmen, Saint 2: Chapter 1 is the first issue of the second volume of the Saint series by indie author J.R. Dunbar.

Feature Written by: J.R. Dunbar
